- What Makes You a Survivor
- Fear
- And There He Goes To Try
- Exercise is Important
- ITS
- Young Artists
- Riddles
- Did you know?
- How to make volcano at home?
- Word search

## What is Model UN?

Model United Nations is an academic simulation of the United Nations where students play the role of delegates from different countries and attempt to solve real-world issues with the policies and perspectives of their assigned country. For example, a student may be assigned the United Kingdom and will have to solve global topics such as nuclear non-proliferation or climatechange from the policies and perspectives of the United Kingdom.

## The Advantages of MUN?

The most important key skills students learn while participating in MUN conferences are diplomacy, the art of negotiation which is a very useful skill to acquire, discipline, confidence, and analytical thinking. MUN is a good opportunity for the students to practice research, public speaking, leadership skills, and many more skills that all lead up to complete their role as another delegation. Students learn how to problem-solve as they are given real-life world issues discussed by the United Nations. Students will also become more knowledgeable about these world issues as they explore and research the topic given to them.

## AHISKMUN'23

At AHISK, GIRLS' SECTION, the 6th All Girls Model United Nation Conference was held on the 3rd and 4th of February, 2023. More than 150 delegates from 10 different schools participated in the conference that had a special theme, **"OVERCOMING OUR PAST TO BUILD A BRIGHTER TOMORROW"**.

There were 13 active members who organized brilliantly our successful event: Mona M Ahmari, Layla Al Thukair, Khadija Almadani, Shaden Aldehlawi, Lama Rashid, Shihanah Aldehlaw, Taala Saad, Reina Maddi, Fatima Alnassir, Nadia Aljehani, Baan Salameh, Aya Qassimi, and Khadija Bilal.

There were six committees:

1. UNICEF: Urgency towards school safety during deadly shootings.
2. UNWOMEN: Establishing zero tolerance for female genital mutilation worldwide.
3. UNHRC: Addressing systemic racism in law enforcement around the globe.
4. INTERPOL: Creating counter measures to prevent future extremists take overs such as Taliban take over in Afghanistan.
5. CRISIS: Atomic bombing of Hiroshima and Nagasaki in WW2
6. Historic Security council: The legacy of colonialism in Zimbabwe.

It was a fruitful and successful event that encouraged the students' to enhance their debating, analytical and problem-solving skills, develop a collaborative spirit, and boost their confidence.

At the closing ceremony, certificates of appreciation and plaques were awarded to the best delegates, chairs and the participating schools.

By Mrs. Shadia Khalil  
English Coordinator/ MUN Director

# International Hippo

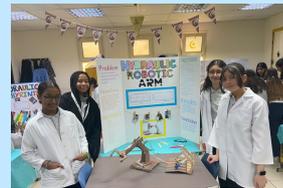

## English Olympiad

With great pride, we would like to announce that AHISK school received a certificate and plaque from Edu Meter Training and Consultations in recognition of winning the bronze medal" in the final round of the "International Hippo English Olympiad," which was held in Rome, Italy, with more than 48,000 participants from 50 countries. Congratulations to our amazing Grade 9I student, "Vaniya Ali," and good luck in your future endeavors.

# Science Fair

Science Fair provides a platform for the students to use their scientific knowledge and bring the best invention from their brains therefore On May 7, 2023. AHISK Girls Section held their annual Science Fair with the presence of the science department to build up a positive reflection of the school's commitment to promoting scientific inquiry and exploration. There were about 3-4 groups in each class. Each group assembled a science project with the supervision of their science teachers which was presented to the mothers in the science fair. Not to mention the "Crime Scene" assembled by Grade 8I.

## Eid Celebration

Eid celebration is one of the happiest occasions that brings joy to kids' hearts. At AHISK, students celebrated Eid by wearing Eid clothes. They enjoyed Eid vibes with their teachers, who seize every chance to draw a smile on the students' faces. A big thank you to all the teachers and the parents for sharing Eid happiness with us.

## International Day

From celebrating unique cultures to acknowledge the struggles and achievements of different groups, International Day provides an opportunity to build empathy, foster inclusivity, and celebrate the richness that comes from our differences. On Monday, May 15, 2023, AHISK hosted its annual International Day celebration with great pleasure. A country was celebrated for each section under the supervision of the class teachers and assistants. Students felt very happy working with all details including the decoration, activities, projects, performances, presentations, and foods that were related to their class country. Mothers were overjoyed and tremendously proud of their children's accomplishments. It was a day that will live in memory. We especially appreciate the support of the parents' council on this day.

## Business event

At AHISK, the students in grades 9–12 participated in an entrepreneurial competition. Each team had to come up with a unique and innovative business idea that contributed to the diverse culture of AHISK. They constructed a business plan assessing the market's needs and wants for the chosen business product or service, its potential profitability, and its unique selling point. During the event, each team put their best foot forward in promoting their business with posters, badges, business cards, and food giveaways to spread awareness of their business. After the voting process by the judges, the most innovative promotional campaign winners were "Vault", 1st place and "SMYT" 2nd place. Most innovative promotional campaign was "Tortillas Para Tacos".

## Founding Day

At AHISK, we celebrated "The Founding Day" for an entire week from 12 till 16 of February. During this week, morning assemblies were conducted on daily basis in which students performed dances, gave presentations, wrote poems, and answered trivia questions for gift prizes. Not to forget the activities done inside their classrooms, the photo booth, the henna stall, and the outstanding decoration set at the reception area.

## Flag Day

With great pride, AHISK celebrated "Flag Day" for an entire week, beginning on March 12 and ending on March 16.

Amazing morning assemblies were conducted every day during this week along with activities held inside their classrooms to celebrate this event which emphasizes the importance of respecting the kingdom's flag, which symbolizes the values of loyalty, belonging, allegiance, pride, and unity.

## Twin & Meme Day

On Thursday, February 2nd, 2023, students at AHISK from grades 3–8 all took part in "Twin Day," where each student had matched with their siblings and friends! Not to mention the amazing memes done by grades 9–12 who took part in "Meme Day".

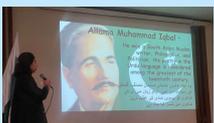

## World Arabic Language Day

From January 8 to January 12, 2023, AHISK celebrated the World Arabic Language Day. The Arabic department was keen to present the importance of the Arabic language. The school's library was decorated to depict Arabic cultures and traditions and to provide a wealth of language information.

## Founder of Pakistan

Due to our appreciation and respect to all cultures and traditions of other individuals and communities, a morning assembly was conducted under the title of "Founder of Pakistan," supervised by their Urdu teachers. Grade 7 students had a debate about who was the founder of Pakistan and came to a conclusion, while Grade 4 students did a dance and ended the show by singing the national anthem of Pakistan.

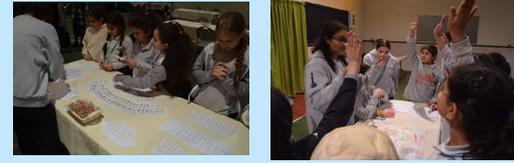

## Top in the Eastern Province

Our school community values competency in performance and appreciates students' achievements, determination, and success. We are so proud of our amazing student, Rund Elsayed Mohamed Ahmed Ali of Grade 12 H, who accomplished a remarkable achievement in Cambridge International AS Level Economics: "Top in the Eastern Province". Once again, our sincere congratulations to Rund for her hard work

## GRADE 11 IB MATH SERVICE LEARNING

At AHISK, we firmly believe that service learning embodies the notion that the teacher does not merely impart knowledge to the student but is acquired by the student through supervised environmental interaction. Students felt extremely happy playing the games and developing their critical thinking and problem-solving skills. Students felt extremely happy playing the games and developing their critical thinking and problem-solving skills.

### CAS Global Collaboration

With great pride, AHISK participated in the CAS Global Collaboration conference. 11IB schools from several different countries work together on different CAS projects. Students led this conference and collaborated. Different groups were set up to research and raise awareness about mental health, recycling, sustainability, well-being, etc. students created websites, Instagram pages, presentations, posters, brochures, and surveys to aid their community and reflect on their work.

### Honor Roll

Girls section conducted its Honor Roll Distribution for grades 4 to 8 for Term 2 2023 on the 21st of May, 2023. In the presence of their mothers, our students were recognized for their academic achievements and took certificates as well as plaques in various categories:

- Honor & High Honor
- Highest achiever per Grade
- Highest achiever per Subject (High School)
- Best Behavior for all grades per section.
- 1st Merit achiever
- 100% Overall Annual Average for last year 2021-2022

Highest Achievers, first Merit Achievers, as well as 100 % Overall Annual Average for last year received trophies in addition to their certificates.

### Jordan Gets Grounded !

Jordan was an average 10 year old boy who lived in Texas, USA with his brother, Jade and his mother. Jordan and Jade both studied online at " Northfield Mount Hermon Primary School " and were in the same grade. It was almost the end of the school year and exams were upcoming, but Jordan had other plans... and bad ones indeed...

" Jordan ! " Mom called " Are you done revising for Mr. Wilson's exam due tomorrow ? " " Yes mom ! " Jordan lied. He had been on his tablet since the moment he woke up. " Are you sure ? It doesn't seem like it. I haven't seen you off that tablet since you awakened. " I'm sure." He lied again. He wasn't even sure what lessons Mr. Wilson assigned for the exam.

Tomorrow became today and Jordan still hadn't studied yet. He was eating breakfast when his brother, Jade , mentioned the exam." Mr. Wilson's online exam is today and I'm SO ready for- " " The exam is today?!?! I- I mean SAME! I studied SO hard " Jordan replied." Are you sure you studied EVERY aspect of the lesson ? " Mom questioned Jordan. " I'm sure, I swear ! "

" Alright students, you may begin the online exam." Mr. Wilson announced. Jordan had just begun, but he didn't even know the answer to the first question. " What ended in 1945 ? 1944 ." Jordan thought. He decided to search it up instead. " Oh." Uttered Jordan as he realised it was WWII that was terminated in 1945. He searched up the rest of the exam's questions and started to get excited." I'm SO gonna get an A+ ! "

" How was the exam, boys ? " Mom asked. " It was SO easy ! I knew the answers to ALL the questions ! " That's great ! What about you, Jade ? " The exam was pretty easy, except for question 16 and 28. I couldn't figure them out." " That's awesome!" Mom replied. After around a week, the results were in, but the twins still hadn't gotten their marks yet. All of a sudden, the doorbell rang. Mom opened the door and was shocked to see Mr. Wilson standing outside. " Mr. Wilson ?!" " Good afternoon, Mrs. Smith. I wanted to talk to you about your son's mark." " Oh no ! Is it bad? " " It's worse than bad. But first, I would like to congratulate Jade for getting the highest mark in the class, 98.5%." " YES ! I did it ! " Jade squealed. " But as for Jordan, 0%." " WHAT ?!" Mom exclaimed. " But... but how ? I got everything correct ! " " Although Jordan got everything correct, we found out that he cheated and- " " JORDAN WILLIAM SMITH. You are GROUNDED. I'm so sorry, how did you find out ? " " Like I was saying, students have been cheating a lot since we have gone online, so we decided to monitor the student's screens... low and behold, we found out." " I am SO disappointed in you right now Jordan. GO TO YOUR ROOM ! " " I guess I'll be seeing him again next year. Well, I must leave now. Thank you for your time, Mrs. Smith. Shanzay Zahid 6 H

# Society deems to be a play

Society deems it to be a play  
a play where we are just little puppets lost in a system  
we don't know about,  
but one we live in  
and we know  
we know what it's like  
we know how it feels  
we know what it is  
"why?" is our question  
why do we have to face the issue daily?  
it's like we're brought into this world with a phone  
calling on repeat  
endlessly  
voicing "disclaimer ,discriminate me please"  
"who?" is our question  
who's it gonna be?  
Who's it gonna be that stops this once and for all?  
From all we know and have, we know that generations  
are to come  
and our fight for our rights will never diminish  
not until each and every single one of us gets their  
way like everyone is freely getting nowadays.  
"When?" is our question.  
When will people finally come to their senses?  
their five and only senses.  
"what?" is our question  
what game are we playing?  
What game is worth this pain?  
The pain of a thousand souls  
for what it's worth  
go east to north  
but what's the point?  
2020  
people put up "Black Lives Matter"  
because it was trending  
it took the generations over generations to realize  
but it wasn't realization  
it was the death of George Floyd that woke them up  
but they weren't awake  
awake, but asleep  
people have taken a peak just to shut down that leak  
in just a week  
Sir Floyd,  
-may he rest in peace-  
was held down and choked for 9 minutes  
this provoked and croaked around  
but nobody will know what it's like unless they have  
been put on the spot.  
No matter how much they say "I understand"  
because they don't  
and they were not and will never be judged based on  
color if they're white and in their country  
Whether you're black, brown, white, green, yellow, or  
blue  
we are all human  
A color shouldn't define your life,  
your future ,  
your relations,  
and most certainly not your death.  
But who do you call when the police murders?  
Who do you call?

Hiba Hassan 81

# The Magical Pen

5

It was a normal Saturday morning when Joy was drawing a picture, and her brother Jonah was reading a book. They were both so busy. They forgot they had homework, lots of homework! Suddenly, Joy had remembered that she had homework, so she went to ask Jonah if he also had, and sure enough, Jonah said yes.

After that, they went to their study room and were about to do their homework, but they couldn't find any of their pens! They checked everywhere but still couldn't find them! When they went into their baby sister's room, they found their pens on the ground all destroyed with their baby sister next to it! "Mom!" Cried Joy, "Jolly broke all of our pens!" Her mother replied, "It's alright, you can buy new pens from the store!" Joy and Jonah frowned. They had so many pens!

A few minutes later, they went to the store with Anne, Joy's best friend, who needed to buy a pen. When they arrived at the store, there were just a few pens left. So they bought three and went back home. When they got home, they started to work on their homework. Suddenly before they could even write a thing, the pens started flying all over the place! Joy and Jonah were super confused and surprised.

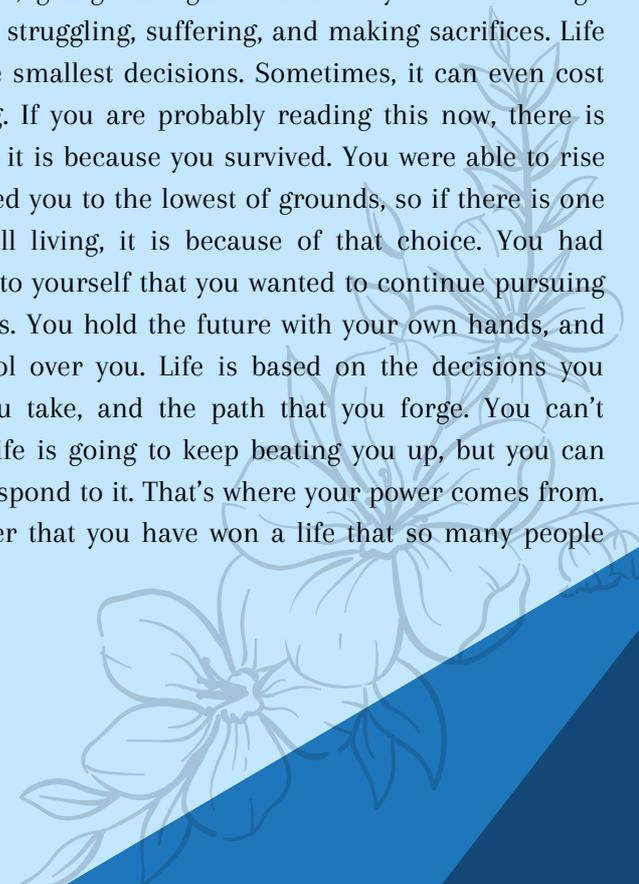

In an instant, Joy started to chase after the pens and Jonah tagged along. The pens caused a lot of trouble. It scribbled on the walls and their mothers important documents. Finally, Joy managed to catch the pens. Joy and Jonah then put the pens in a box, sealed it and threw it away. They sighed in relief and went back on with their day.

## What makes you a survivor?

Surviving doesn't necessarily come because you have undergone a tsunami or a house fire and still lived. To survive is to live despite all that life has given you, going through the hard days and the tough times. Life is all about struggling, suffering, and making sacrifices. Life can come down to the smallest decisions. Sometimes, it can even cost you to lose everything. If you are probably reading this now, there is one basic reason why; it is because you survived. You were able to rise even though life pushed you to the lowest of grounds, so if there is one reason why you're still living, it is because of that choice. You had committed a decision to yourself that you wanted to continue pursuing your goals and dreams. You hold the future with your own hands, and you possess its control over you. Life is based on the decisions you make, the choices you take, and the path that you forge. You can't control the fact that life is going to keep beating you up, but you can change the way you respond to it. That's where your power comes from. You need to remember that you have won a life that so many people lost.

Screen Aymen 8I

## And There He Goes

He was an ageless, blossoming flower  
 Spreading his love for his little seedlings  
 Keeping the sun shining for them  
 Shielding them from its fiery heat  
 Never have I seen a petal fall from him  
 And never have I seen him drop  
 But on the day on which the sun was gone  
 And on the day the storms took place  
 He started shaking  
 Petals falling and breaking  
 Shattering our wounded hearts  
 With every falling one  
 I never thought I'd see him wilt  
 For I have never seen anyone wilt  
 But there he was Infront of my eyes  
 Trying to break free  
 Of something unseen  
 Leaving no trace behind  
 But the silent weeping  
 Of his little seedlings  
 Gone, and fallen forever  
 But free  
 And for all that I say  
 I miss you, dear grandpa  
 And my love for you will never change  
 ~ Nour Maher El Doussouki 8 I

## Fear

Age changes everything, but fear is  
 something YOU change  
 What is my feeling?  
 Why isn't it healing ?  
 My heart is beating fast.  
 Till when will this last ?  
 Sometimes in the darkness  
 Or when I am alone  
 This feeling that haunts me is just so  
 unknown  
 No! I know this is just a fear  
 It may make my shed a tear  
 This fear has to die!  
 I can't just sit and cry,  
 I have to face it  
 And remember not to chase it

Iqra Ifran Shaikh 5I

## To Try

To be distant  
 To be far  
 To try to reach  
 To try to talk to someone who doesn't listen  
 To be sealed off at random each week  
 To not know where you are safe to speak  
 To feel you're on the edge of their nerves,  
 their limits, their patience  
 To feel uncomfortable around them  
 To want to walk away,  
 And fix everything from the mess you've  
 made  
 But you're too afraid  
 To try  
 To stand up  
 To take the blame  
 To reattempt to fix it  
 To try to rectify your blunder  
 But you're not too afraid to start it?  
 Ask yourself  
 What do you want?  
 To hide away and be gloomy until maybe  
 they forget  
 Or  
 To solve this problem and deal with your  
 mishap  
 Remember the only way to repair the trouble  
 you've caused is to face the consequences.  
 Keep your head up, try again, and be brave! !  
**LEARN, SURVIVE, THRIVE**  
 You can at least try!

Maliha Asim 8-I

## Exercise is important

Have you ever wondered how important exercise is?

Well, it is an important thing for the human body. Some people go to the gym twice a week, which is an average of what our body needs, but others do not go at all so there are solutions that help this problem.

One solution out of a lot is people can find a sport or a fitness activity of their choice. There are many options to pick from like Football, Volleyball, baseball, and etc. For a fitness activity, there are Zumba, Dancing, aerobics, and Karate.

Most people like to organize their time and have a routine for their exercises. For example you can do 30 minutes for walking or riding a bike in the park. If they would not like to do their exercises in public, they can also do them at home too, by watching 5-minute videos.

In conclusion, people should take some action and exercise weekly with a routine. If you feel lazy, try some of the solutions given here!

Sara Saad 5H

## ITS

It was a lovely warm night when I jumped on my marshmallow like bad! I was going to sleep with my new plushie. I was so excited! As soon as I close my eyes, I heard rustling voice beside my bed. I got scared. "I am hallucinating". I reassured myself. Suddenly a bear face wriggled up in sight. I was so scared. I literally jumped two feet of the ground. "Ha hah ha!" The bear was soon in fits of laughter. The bear removed its face to reveal my sisters. I was hyperventilating from the corner of my bed to where I had run off. That day I was angry at my sister, and I felt silly. This event was a memorable event for me

## Riddles

Q: What goes up but never comes back down?

A: Your age.

Q: Give me a drink, and I will die. Feed me, and I'll get bigger. What am I?

A: A fire.

Q: I'm always on the dinner table, but you don't get to eat me. What am I?

A: Plates and silverware.

Q: What can you break, even if you never pick it up or touch it?

A: A promise.

## Did You know...?

1. Elephants are the only animals that can't jump.
2. Like fingerprints, everyone's tongue print is different.
3. The only food that doesn't spoil is Honey.
4. You can't kill yourself by holding your breath.
5. TYPEWRITER is the longest word that can be made using the letters only on one row on the keyboard.
6. The most common name in the world is Mohammed.11. The hummingbird, the loon, the swift, the kingfisher, and the greb are all birds that cannot walk.
7. The fastest bird is the Peregrine falcon, clocked at speeds of up to 240 miles per hour.
8. Dragonflies are one of the fastest insects, flying 50 to 60 mph.

## How to Make a Volcano at Home?

Step 1: Place an empty plastic bottle in a mound of sand.

Step 2: Use a funnel to add some baking soda to the bottle.

Step 3: Mix some food coloring and vinegar together and pour this mixture inside the bottle and watch your volcano erupt!
