

Al Hussan International School, Girls Section Make a Difference Day 2016-2017

Make a Difference Day was organized on Thursday 6th October, 2016 to thank our custodial workers and maintenance staff for all their hard work. The purpose behind this occasion was to inculcate empathy and sense of responsibility in our students to understand roles of community helpers and the efforts that they invest, in providing us with clean and healthy environment.

Students contributed generously by bringing beautiful gifts for the helpers. Teachers also made a big impact by contributing not only for the gifts but for the food as well.

All the helpers were invited for the morning assembly during which they were warmly welcomed with thunderous applause. Students were called upon the stage to hand over the gifts to them with their own hands. It was an emotional moment and made every one's eyes teary. The helpers could not remove the smiles from their faces.

Later in the afternoon, they were invited for a lunch. They enjoyed the hearty meal followed by some games. They enjoyed their time to the maximum.
